**NOTES TO FINANCIAL STATEMENTS****Note 1- Summary of Significant Accounting Policies****A. Accounting Practices**

MAPFRE Preferred Risk Insurance Company (the Company) prepares its statutory financial statements in conformity with accounting practices prescribed or permitted by the Commissioner of Insurance of the Commonwealth of Puerto Rico (the Commissioner of Insurance). The Commissioner of Insurance requires insurance companies domiciled in the Commonwealth of Puerto Rico to prepare their statutory basis (SAP) financial statements in accordance with the National Association of Insurance Commissioners (NAIC) *Accounting Practices and Procedures Manual*, subject to any deviations prescribed or permitted by the Commissioner of Insurance.

The Commissioner of Insurance has the right to permit other specific practices that may deviate from prescribed practices. Prescribed statutory accounting practices include a variety of publications of the NAIC including its codification initiative contained in its accounting practices and procedures manual, as well as state laws, regulations, and general administrative rules. Permitted statutory accounting practices encompass all accounting practices not so prescribed. The Commissioner of Insurance has adopted certain prescribed accounting practices that differ from those found in NAIC SAP. One such difference relates to the treatment of certain deferred tax items. The Commissioner of Insurance prescribed the recognition of the deferred tax liability resulting from the contributions made over the years to the catastrophic reserve fund that would otherwise have resulted under NAIC SAP.

The monetary effect on statutory net income and on statutory capital and surplus of using accounting practices prescribed or permitted by the Commissioner of Insurance is as follows:

Net Income as per statutory financial statements of income	<b>\$2,859,360</b>
Effect of the Commissioner of Insurance prescribed practice	<u>-</u>
Net Income in accordance with the NAIC statutory accounting practices	<b><u>\$2,859,360</u></b>
Statutory capital and surplus per statutory financial statements	<b>\$23,766,823</b>
Effect of the Commissioner of Insurance prescribed practice to not recognize deferred tax liability for catastrophe loss reserve trust fund contributions	<u>-</u>
Statutory capital and surplus in accordance with the NAIC statutory accounting practices	<b><u>\$23,766,823</u></b>

**B. Use of Estimates in the Preparation of the Financial Statements**

The preparation of financial statements in conformity with Statutory Accounting Principles requires management to make estimates and assumptions that affect the amounts reported in these statutory financial statements and notes. Actual results could differ from those estimates.

**C. Accounting Policies**

Premiums are earned over the terms of the related insurance policies and reinsurance contracts. Unearned premiums are established to cover the unexpired portion of premiums written. Such reserves are computed by pro-rata methods for direct and ceded business and based on reports received from ceding companies for reinsurance assumed. Expenses incurred in connection with acquiring new insurance business, including acquisition costs such as sales commissions, are charged to operations as incurred. Expenses incurred are reduced for ceding allowances received or receivables.

Other significant accounting principles are as follows:

- (1) Short-term investments are stated at amortized cost.
- (2) Common and preferred stocks are stated at estimated fair value.
- (3) Bonds not backed by other loans are stated at amortized cost using the interest method.
- (4) Unpaid losses and loss adjustment expenses include an amount determined from individual case estimates and loss reports and an amount, based on past experience, for losses incurred but not reported. Such liabilities are necessarily based on assumptions and estimates and while management believes the amount is adequate, the ultimate liability may be in excess of or less than the amount provided. The methods for making such estimates and for establishing the resulting liabilities are continually reviewed and any adjustments are reflected in the period determined.

## **NOTES TO FINANCIAL STATEMENTS**

---

The Company prepares its statutory financial statements in conformity with accounting practices prescribed or permitted by the Commissioner of Insurance. The Commonwealth of Puerto Rico requires insurance companies domiciled in Puerto Rico to prepare their statutory financial statements in accordance with the NAIC *Accounting Practices and Procedures Manual*, subject to any deviations prescribed or permitted by the Commissioner of Insurance.

Accounting Changes adopted effective January 1, 2001 to conform with the provisions of the revised NAIC *Accounting Practices and Procedures Manual* were reported as changes in accounting principles. The cumulative effect of changes in accounting principles was reported as an adjustment in unassigned funds (surplus) in the period of the change. The cumulative effect was the difference between the amount of capital and surplus at the beginning of the year and the amount of capital and surplus that would have been reported at the date if the new accounting principles had been applied retroactively for all prior periods.

### **Note 20- Other Items**

In accordance with Chapter 25 of the Insurance Code, as amended, the Company is required to establish and maintain a reserve supported by a trust fund for the payments of catastrophe losses. The establishment of this trust fund increases the financial capacity in order to offer protection for those insurers exposed to catastrophe losses. This trust may invest its funds in securities authorized by the Insurance Code, but not in investments whose value may be affected by hazards covered by the catastrophe insurance losses. The interest earned on these investments and any realized gain (loss) on investment

**NOTES TO FINANCIAL STATEMENTS**

transactions becomes part of the reserve for catastrophe insurance losses and are recorded as income (expense) of the Company. The assets in this fund will be used solely and exclusively to pay catastrophe insurance losses covered under policies written in Puerto Rico, upon approval by the Commissioner. The Company established a trust fund with a bank to deposit the funds.

The Company is required to make deposits to the trust fund, if any, on or before January 30 of the following year. Contributions to be deposited in the trust fund are determined by applying a contribution rate, not in excess of 5%, to catastrophe written premiums as instructed annually by the Commissioner, unless the balance of the reserve exceeds 8% of the catastrophe exposure, as defined by Chapter 25. Since the balance of the Company's trust fund as of December 31, 2010 exceeds the balance required by the Commissioner, no deposits were required to be made in January 2011 corresponding to the contributions for writings in 2010. The amounts deposited in the trust fund are deductible for income tax purposes.

Chapter 25 establishes that within a four-year period, beginning with 2008, the Company was required to reclassify its minimum catastrophe exposure retention as defined, from restricted surplus to a liability and that during 2008, at least 20% of that minimum catastrophe exposure retention should be reclassified to this liability. On February 12, 2010, Rule 72, Operation of Reserve for Catastrophic Losses, was amended and it repealed the requirement of reclassifying the minimum catastrophe exposure as a liability in the financial statements of the Company. Prospectively, all the reserve is recorded as an aggregate write-ins for special surplus funds.

Therefore, as of December 31, 2010 and 2009, \$947,517 and \$2,243,785, respectively, of the catastrophe loss reserve was presented in the accompanying Statements of Admitted Assets, Liabilities and Capital and Surplus as restricted surplus. Only for 2009, \$227,491 was presented as a liability as it was required by Chapter 25 prior to the amendment of Rule 72.

The amount deposited in the trust fund may be reimbursed in the case that the Company ceases to underwrite property risks, subject to catastrophe losses, upon approval by the Commissioner. Also, authorized withdrawals are allowed when the catastrophe loss reserve exceeds 8% of the catastrophe exposure, as defined by Chapter 25.

During 2010 and 2009, the Commissioner authorized the release of catastrophe loss reserve trust funds amounting to \$1,676,080 and \$9,726,731, respectively, related to excess catastrophe loss reserves maintained by the Company. With this transaction, unrestricted surplus for the Company increased by such amount during 2010 and 2009.
