NOTES TO FINANCIAL STATEMENTS

THE MENNONITE GENERAL HOSPITAL, INC. HEALTH PLAN

NOTES TO STATUTORY-BASED FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2012

NOTE-1 Organization

The Mennonite General Hospital, Inc Health Plan is a not-for-profit health maintenance organization (HMO), incorporated in November 1979, for the purpose of providing comprehensive health care services to subscribers on a prepaid basis and for the purpose of establishing and operating an organized health maintenance delivery system, principally through Mennonite General Hospital, Inc. The Plan, authorized by the Office of the Commissioner of Insurance of Puerto Rico, is administered by Mennonite General Hospital, Inc., a not-for-profit organization.

NOTE-2 Basis of presentation and summary of significant accounting policies

Basis of presentation

The accompanying statutory-basis financial statements have been prepared in conformity with accounting practices prescribed or permitted by the Office of the Commissioner of Insurance of Puerto Rico, which vary in some respects from accounting principles generally accepted in the United States of America.

Health care service cost recognition

The Plan contracts with various health care providers for the provision of medical care to its members. The Plan compensates providers of services, mainly, by a prospectively determined per diem rate. The cost of other health care services provided or contracted for is accrued in the period in which it is provided to a member based in part on estimates, including an accrual for medical services for which no bill has yet been received. The estimates for such medical services are based primarily on past experience together with current factors and are adjusted, if necessary, as experience develops or new information becomes known. Such adjustments are included in current operations. Although considerable variability is inherent in such estimates, management believes these reserves are adequate.

Concentration of credit risk and financial instruments

Substantially all of the Plan's business activity and premiums receivable are derived from subscribers located in the central region of Puerto Rico and, as such, the Plan is subject to the risks of the Puerto Rico central region's economy. Financial instruments, which potentially subject the Plan to concentration of credit risk, consist principally of cash, interest bearing deposits held in escrow and premiums receivable. The Plan places its cash and interest bearing deposits held in escrow with financial institutions which are located in Puerto Rico and have strong credit ratings, and management believes that credit risk is minimal. The Plan does not require collateral to guarantee its premiums receivable.

Property and equipment

Depreciation and amortization are provided principally on the straight-line method over the estimated useful lives of the assets. Estimated useful lives of the assets are 3 years.

Premiums revenue

Membership contracts are on a yearly basis subject to cancellation by the employer group, individual or the Plan, typically upon thirty days advanced written notice. Premiums are due monthly and are recognized as earned over the period covered.

Use of estimates

The preparation of the statutory-based financial statements requires management to make estimates and assumptions that affect the reported amounts in the financial statements and the accompanying notes. Such estimates and assumptions could change in the future as more information becomes known, which could impact the amounts reported and disclosed herein.

Income and other taxes

The Plan is a not-for-profit corporation and as such is exempt from the payment of income, property and municipal taxes.

NOTE-3 Interest bearing deposits held in escrow

The Plan is required, by Article 19.410 of the Insurance Code of the Commissioner of Puerto Rico, to maintain minimum deposits in escrow with the Secretary of Treasury, which amounted to \$600,000 at December 31, 2010. The Plan's net assets cannot be lower than \$300,000 at any reporting date.
